

## Peak Performance Buoyancy Course Schedule

Excellent buoyancy control is what defines skilled scuba divers. You've seen them underwater. They glide effortlessly, use less air and ascend, descend or hover almost as if by thought. They more easily observe aquatic life without disturbing their surroundings. You can achieve this, too. The PADI Peak Performance Buoyancy Specialty course improves the buoyancy skills you learned as a new diver and elevates them to the next level

### Course Includes:

Classroom session – **NOTE: All eLearning must be completed by the first Classroom Session.**

- Two dives with instructors
- Peak Performance Buoyancy diver manual
- PADI Peak Performance Buoyancy Certification card

## August 1<sup>st</sup> & 3<sup>rd</sup>
